Welcome to HealthEquity. Start Saving. Here's How.

Welcome to your healthcare and/or dependent care flexible spending account (FSA) sponsored by your employer and brought to you by HealthEquity.

Your FSA is a great way to save on hundreds of qualified expenses like prescriptions, copayments, over-the-counter (OTC) items, and child and elder care.

Your FSA: The Essentials

Your FSA is governed by IRS regulations that detail who is eligible to use the account and where and how the money in it is to be used. Your FSA was designed to be simple. To keep it that way, it's important to comply with the IRS regulations that govern the program. The following guidelines will help you avoid any inconvenience.

- **Make sure account funds are only spent on expenses for those who are eligible.** Typically, those eligible are you, your spouse and your eligible dependents.
- **Know what expenses are qualified.** Log in to your account at www.healthequity.com/wageworks for a complete list of qualified healthcare expenses. Generally, qualified healthcare expenses include services and products that are medically necessary to treat a specific condition. Dependent care expenses typically include care provided for your qualifying child (under age 13) or other qualifying dependent so you can work.
- **Keep your receipts.** Save receipts that describe exactly what you paid for. Make sure the amount and service date—not the payment date—are included.
- **Over-the-counter (OTC) medications, drugs and menstrual care products.** You can use your HealthEquity® Visa® Healthcare Card (Card) for OTC medications and drugs, including menstrual care products. Alternatively, you can pay for the item out of pocket and use Pay Me Back to submit your claim to HealthEquity for reimbursement. Pay Me Back claims can be submitted online, or with your smartphone or mobile device. (FSA plans vary by employer, and these changes do not necessarily change the benefits under your employer's plan.)
- **Watch where you shop.** If using a HealthEquity Healthcare Card, shop only at general merchandise stores or pharmacies that have an IRS-approved inventory system in place. Visit www.sigis.com for the most updated list of approved merchants. The healthcare Card will not work at a non-certified merchant.
- **Verify all healthcare Card transactions.** If a transaction is not automatically verified at checkout or by a third-party system, you will be notified by email or upon login to your account. Failure to verify an outstanding transaction may result in healthcare Card suspension.
- **Register for an online account at www.healthequity.com/wageworks.** When you register online and provide a current email, you ensure that you will have 24/7 access to your account and will be automatically signed up to receive important updates and alerts. You also must have an account to use the mobile app and take advantage of features like Submit Receipt or Claim and healthcare Card usage requests.
- **Keep track of your FSA balance.** Plan ahead to make sure you spend the full amount of your balance.

Using Your FSA Dollars

When you pay for a qualified healthcare and dependent care expense, you want to put your FSA to work right away. HealthEquity gives you several options to use your money the way you choose.

Using your HealthEquity Healthcare Card

Use your HealthEquity Healthcare Card (Card) instead of cash or credit at healthcare providers and pharmacies for qualified services, goods and prescriptions. You can also use the healthcare Card at general merchants and drug stores that have an industry standard (IIAS) checkout system that can automatically verify if the item is qualified for purchase with your account.

- Go to www.sigis.com to review a list of qualified merchants, like drug stores, supermarkets and warehouse stores, that accept the healthcare Card.
- When you swipe your healthcare Card at the checkout, choose “credit” (even though it isn’t a credit card).
- Consider paying for items or services on the day you receive them. If your health plan covers a portion of the cost, make sure you know what amount you need to pay before using the healthcare Card, by presenting your health plan member ID card first, so the merchant can identify your copay or coinsurance amount and ensure the service is claimed to your healthcare, dental, or vision insurance plan.
- Save your receipts or digital copies. You will need them for tax purposes. Plus, even when your healthcare Card is approved, a detailed receipt may still be requested.
- If you’ve lost or can’t produce a receipt for an expense, your options may range from submitting a substitute receipt to paying back the plan for the amount of the transaction.
- If you use your healthcare Card at an eye doctor’s or dentist’s office, we will most likely ask you to submit an Explanation of Benefits (EOB) or other documentation for verification. Failure to do may result in your healthcare Card being suspended.
- If you lose your healthcare Card, please call HealthEquity immediately and order a new one. You will be responsible for any charges until you report the lost healthcare Card.

Using your Mobile Device
